📍 Dindigul, Tamil Nadu – 624211

Professional Summary

Dedicated Computer Science and Engineering (CSE) undergraduate student at Thiagarajar College of Engineering with a strong interest in Full Stack Development and Artificial Intelligence. Experienced in developing AI-powered web applications, participating in research, publishing technical work, presenting at international conferences, and completing an Agentic AI internship. Passionate about solving challenging problems, building impactful software, and continuously learning emerging technologies while contributing to innovative software solutions.

Education

Secondary School Leaving Certificate (SSLC) 2022 – 2023

N S V V Matriculation Higher Secondary School, Pattiveeranpatti

Percentage: **93.40%** (467/500)

Higher Secondary Certificate (HSC) 2024 – 2025

Achyuta Academy Matriculation Higher Secondary School, Dindigul.

Percentage: **95.00%** (570/600)

Bachelor of Engineering (B.E.) – Computer Science and Engineering 2025 – 2029

Thiagarajar College of Engineering, Madurai.

CGPA: **8.55 / 10**

Technical Expertise

Programming	Python, C, C++ (Basic)
Web Technologies	HTML5, CSS3, JavaScript, Flask
Database	MongoDB
Artificial Intelligence	Google Gemini API, OpenAI API, Prompt Engineering
Developer Tools	Git, GitHub, Visual Studio Code, Render, Netlify

Internship Experience

Agentic AI Intern Marlion Technologies

Offline Internship — Duration: 2 Weeks

- Gained practical exposure to Agentic AI concepts and modern AI development workflows.
- Explored AI APIs, prompt engineering, and emerging AI technologies through technical discussions.
- Strengthened teamwork, communication, collaboration, and analytical thinking.
- Successfully completed the internship under the guidance of **Mr. S. Vaidyanathan**.

Projects

AI SnapTale – AI-Powered Children’s Story Generator

Python — Flask — HTML — CSS — JavaScript — MongoDB — Google Gemini API — Render

- Developed a full-stack AI web application that generates engaging children’s stories from uploaded images.
- Integrated Google Gemini API for image understanding and creative story generation.
- Implemented secure user authentication and MongoDB database integration.
- Designed a responsive interface with image upload functionality.
- Successfully deployed the application on Render.

CanSat – IoT-Based Environmental Monitoring Satellite

Competition Project — TCECANSAT’26 — 3rd Prize Winner

- Collaborated in designing and developing a CanSatellite weighing under 300 grams.
- Integrated sensors to measure temperature, pressure, altitude, and atmospheric gas levels.
- Successfully demonstrated drone deployment with real-time environmental data recorded in CSV format.
- Improved practical knowledge in embedded systems, teamwork, and real-world engineering.

ZeroQ – Smart Food Ordering & Billing Web Application

HTML — CSS — JavaScript — Netlify

- Developed the frontend of a smart food ordering web application.
- Designed separate interfaces for users and administrators.
- Implemented menu browsing, ordering workflow, and bill generation.
- Successfully deployed the application on Netlify.

Research & Publications

Published Research Paper

Agentic Artificial Intelligence – A Review

Published in *LangLit: An International Peer-Reviewed Open Access Journal*

- Co-authored a review paper on Agentic Artificial Intelligence, covering autonomous AI agents, planning, reasoning, decision-making, and emerging real-world applications.
- Collaborated with a multidisciplinary student research team under faculty mentorship.

International Conference Presentations

ICTBALL 2026 International Conference

Paper Presentation

Title: Agentic Artificial Intelligence – A Review

- Presented research on Agentic Artificial Intelligence and its real-world applications.
- Gained valuable experience in technical communication, research methodology, and academic presentation.

ICISTEEH-26 International Conference

Poster Presentation

Title: AI-Based Microplastic Detection in Humans

- Presented a research poster on AI-assisted microplastic detection in humans.
- Interacted with researchers and faculty members from various institutions, gaining exposure to interdisciplinary research.

Leadership & Responsibilities

Men's Hostel Representative

Thiagarajar College of Engineering

- Represent one of the six men's hostel blocks.
- Coordinate communication between students and hostel administration.
- Support student welfare and contribute to a positive hostel environment.

Campus Ambassador

Glowlogics Solutions

- Represented the organization within the college.
- Promoted networking, leadership, and professional development activities.
- Enhanced communication, teamwork, and organizational skills.

Awards & Achievements

- **Continuous Centum in Computer Science (Class XI & XII, Tamil Nadu HSC)** – Achieved 100/100 in CS in Class XI & XII Public Examinations; received a 1,500 academic excellence award.
- **3rd Prize** – CanSat Development Programme (TCECANSAT'26)
- **3rd Prize** – 5S Contest (Clean & Smart Campus 2026)
- **Elite Certificate** – NPTEL Social Networks (IIT Madras)
- Participant – Google Student Ambassador Program Pitch Night 2026
- Participant – Trivia Night conducted by the Student Research Council

Certifications

AI & Generative AI Certifications

- Career Essentials in Generative AI – Microsoft & LinkedIn
- AI Data Engineer Certificate Programme – Reliance Foundation
- Foundations of Prompt Engineering – Amazon Web Services (AWS)
- Prompt Engineering – Infosys
- AI Fluency for Students – Anthropic
- Claude 101 – Anthropic
- Generative AI for Beginners – Udemy
- Everyday AI Concepts – NASBA

Database & AI Technologies

- MongoDB Basics for Students – MongoDB
- AI and Innovation: How MongoDB Enables a Resilient AI Strategy – MongoDB
- AI for Business Professionals – HP LIFE
- Ethics in the Age of Generative AI – Project Management Institute

Professional Development

- AI Literacy for Everyone – LinkedIn Learning
- Learning Microsoft 365 Copilot for Work – LinkedIn Learning

Technical Foundations

- Social Networks (Elite) – NPTEL (IIT Madras)
- MATLAB Onramp – MathWorks
- Symbolic Math – MathWorks

Foundational Certifications

- English Typewriting (Junior) – Directorate of Technical Education, Tamil Nadu
- Graphic Design – Bharathidasan University
- Office Automation – Bharathidasan University
- Computer Basics – Bharathidasan University

Workshop

Think Like a Hacker, Defend Like AI

Organized by Livewire Madurai – ISO Certified IT & ITES Training Institution

- Participated in a workshop covering cybersecurity fundamentals, ethical hacking concepts, AI-assisted defense techniques, and real-world security awareness.

Soft Skills

- Problem Solving
- Teamwork
- Leadership
- Communication
- Time Management
- Adaptability
- Critical Thinking
- Creativity
- Quick Learning
- Self-Learning
- Public Speaking

Languages

- Tamil – Native Proficiency
- English – Professional Proficiency

Areas of Interest

- Full Stack Development
- Artificial Intelligence
- Prompt Engineering

Passionate about building impactful software solutions through Full Stack Development and Artificial Intelligence while continuously learning and contributing to innovative technologies.
